

Suggested Fitting Guide

Sample: Search down to the make and model of your vehicle eg. Toyota Hiace LWB

TOYOTA				
MODEL		COLLECTION SIZING		
		DRIVER SIDE	PASSENGER SIDE	FRAME HEIGHT
HIACE	LWB	12 + 12	12	1220mm

'Collection sizing' refers to what size collection will suit your vehicle. ie. '12 + 12 on the drivers side' means that you can fit a 12 Collection start frame and a 12 Collection extension frame.

This information is a guide only. Other shelving configurations may be possible for your vehicle type. Mesh Cargo Barriers and Anti-Vapour Barriers may affect your van shelving configurations. **Always use caution when drilling into a vehicle.** Please give us a call if you would like to discuss other options. If your vehicle type is not listed please let us know, Ph (02) 9631 0555.
